

Juan Vallejo

Full Stack Developer

Cali, Colombia • juan.c.vallejo01@gmail.com • +57 315 048 5151 • linkedin.com/in/juan-vallejo-4587962a6 • github.com/juanvallejo01 • juanvallejo.site3.uk

PROFESSIONAL SUMMARY

Full Stack Developer specialized in building end-to-end web applications with React/Next.js on the frontend and Node.js/NestJS/ASP.NET Core on the backend. Experienced designing relational and document data models in PostgreSQL and MongoDB, building RESTful APIs, and integrating real-time features (WebSockets, push notifications) and third-party services such as Firebase, AWS S3, and the WhatsApp Business API. Delivered multiple production platforms end-to-end — from residential SaaS management to clinic appointment scheduling — owning everything from database schema to deployed UI. Strong believer in clean, modular architecture, with growing interest in cloud-native deployment and secure-by-design applications.

TECHNICAL SKILLS

FRONTEND

React Next.js (App Router) Tailwind CSS Vite HTML5 CSS3

BACKEND & APIS

Node.js Express NestJS ASP.NET Core MVC RESTful APIs WebSockets

PROGRAMMING LANGUAGES

JavaScript TypeScript Python C# SQL PHP Dart

DATABASES & ORMS

PostgreSQL MongoDB Prisma Drizzle ORM Entity Framework Core

CLOUD & DEPLOYMENT

AWS S3 Firebase Vercel

DEVOPS & TOOLS

Docker Git GitHub GitLab Postman Linux (Ubuntu) CI/CD

SECURITY & AUTH

JWT bcrypt RBAC Better Auth Passport.js

AI-ASSISTED DEVELOPMENT

Claude Code

FEATURED PROJECTS

Urbanix — Residential Community Management SaaS

React 19 Vite Tailwind CSS NestJS 11 Prisma PostgreSQL Redis WebSockets AWS S3

- Built the full stack of a multi-role SaaS platform (admin, resident, superadmin, security staff) covering visitor management, reservations, billing, and real-time notifications.
- Implemented responsive React UI components alongside 25+ NestJS backend modules and a normalized PostgreSQL schema.

Client project — Codeliance

CDGLOBOS — Sports Club Management System

Next.js 15 React 19 NestJS Prisma PostgreSQL Firebase Cloud Messaging PWA

- Delivered a Next.js/PWA frontend and NestJS backend covering player rosters, match scheduling, payments, and news, with an authenticated player self-service portal.
- Integrated push notifications, PDF attendance reports, and interactive dashboards (Recharts).

Client project — Codeliance

DraAF — Medical Clinic Appointment Platform

Next.js 15 · Node.js · Express · TypeScript · MongoDB · Redis · BullMQ · WhatsApp Business API

- ▶ Built a full-stack booking platform with a Next.js frontend and an Express/TypeScript API, backed by MongoDB and Zod-validated inputs.
- ▶ Designed an asynchronous BullMQ worker integrated with the WhatsApp Business API to automate appointment confirmations and reduce no-shows.

GESTION — Sports Psychology Appointment System

Next.js 16 · Drizzle ORM · PostgreSQL · Better Auth · shadcn/ui

- ▶ Designed and built a multi-professional scheduling system end-to-end, with role-scoped data isolation per psychologist and automated appointment reminders via scheduled cron jobs.

PROFESSIONAL EXPERIENCE

Backend Developer — Codeliance

Feb 2025 – Present

- ▶ Built and automated backend workflows for administrative and documentary process management across full-stack client products.
- ▶ Contributed to production platforms spanning residential SaaS management, sports club administration, and social media automation.

Backend Developer — TechNova Solutions

Apr 2024 – Nov 2024

- ▶ Contributed to building scalable web platforms, including a SaaS application for residential management, by designing RESTful APIs with Node.js, Express, and Prisma over PostgreSQL.
- ▶ Automated internal processes using Python and AutoHotKey, integrated workflows with Google Workspace, and participated in architectural decisions and deployments.

EDUCATION

Computer Engineering (In Progress)

2023 – Present

Universidad Santiago de Cali, Colombia — Member, Comba Research & Development Incubator

CERTIFICATIONS

- ▶ **Programming:** C# — Ademass Training & Development · Python — Ademass Training & Development
- ▶ **Cybersecurity & Networking:** Ethical Hacker — Cisco Networking Academy (Verified) · Introduction to Cybersecurity — Cisco Networking Academy (Verified)
- ▶ **Databases:** Bases de Datos: Generalidades y Sistemas de Gestión — SENA (40h, 2025)

ACHIEVEMENTS & LEADERSHIP

- ▶ Vice President, IEEE Computer Society — Universidad Santiago de Cali (2025 – 2026)
- ▶ Active Member, ETH Cali — Web3 & blockchain hackathon participant (2026 – Present)

LANGUAGES

Spanish — Native

English — B2 (Upper Intermediate)
